- any expressing intent to participate in acts of violence and/or inciting others to participate in acts of violence.

- acting for the security of all by flagging up any risky situation or behaviour.

REACTING IN THE EVENT OF A TERRORIST ATTACK

1. ESCAPE

BE CERTAIN THAT YOU CAN ESCAPE WITHOUT RISK

- Do not set off the fire alarm
- Leave all your belongings behind
- Do not reveal yourself (bend over, lean forwards)
- Take the least exposed and closest exit
- Use a known route
- If possible, help others to escape
- Warn / alert other people around you
- Avoid panic movements
- Facilitate intervention by the security forces and the emergency services

2. HIDE

IF YOU CANNOT ESCAPE

- Lock yourself in and barricade the entrance
- Move away from walls, doors, and windows
- Put mobile telephones in silent mode with no vibrator and disconnect landlines telephones
- Reassure people showing signs of stress
- Maintain complete silence

3. ALERT

ONCE YOU ARE SAFE

Where ? Give your position and that of your attackers;

What ? The nature of the attack (explosion, shooting, hostage-taking, etc.), type of weapon (firearm, cold weapon, explosives, etc.)

Who ? Estimated number of assailants, physical description and attitude, estimated number of wounded persons and of persons hiding around you.

- How are they behaving ?
- Are they watching television ?
- Do they have means of communication ?
- If you cannot speak, call and leave the line open so that the security forces can be warned.

4. RESIST

IF REMAINING HIDDEN OR CARRYING OUT AN EVACUATION ARE IMPOSSIBLE, AND IF YOUR LIFE IS THREATENED

- Attack as a group
- Distract the adversary (shout out)
- Protect yourself using an improvised shield (bag, chair, an item of clothing rolled around a forearm, etc.)
